Executive Team: U.S. Navy Veterans

Founded by U.S. Navy veterans who bring mission discipline and accountability to every order.

Andrew Andersen

Disabled Navy veteran who has co-founded five companies in twenty years, including two background screening firms. Passionate about client success and helping veterans start businesses.

ESWS

Jake Taylor

Former Navy SEAL and disabled veteran with twenty years of service. Held leadership positions in safety roles supervising background screening and onboarding programs.

SEAL

Mark Lingo

Disabled Navy veteran and former NCIS undercover agent. With more than twenty years in the background screening industry, he is a trusted advisor to clients and team members.

NCIS

Speed. Price. Accuracy.

The three things hiring teams actually measure a screening partner on.

1

Speed

89% of searches clear the same business day, with a median report time under four hours.

- Insta-Clear in 49 states
- Direct digital court access

2

Price

Per-check pricing that scales with volume — only pay for the screens you run.

- No platform or seat fees
- Court fees passed through at cost

3

Accuracy

If a hit cannot be corroborated at the source, it does not go on the report.

- Named verifier and timestamp
- Dispute rate under 0.02%

Built for HR and Candidates

Mobile-first intake, built-in eConsent, and status everyone can see.

Mobile-first intake

Speed Has a Source

Same-day clears come from direct digital connections to the courts that issue the original record.

3,000+

direct digital court connections

- ✓ Direct court access — the source of truth, not an aggregator
- ✓ County-level depth across all 50 states
- ✓ Federal criminal, civil and sex-offender registry coverage
- ✓ Fewer manual delays and fewer false positives

Compliance by Design

FCRA, fair chance, and jurisdictional rules are engineered into the workflow — not bolted on.

FCRA, end to end

§604(b)(2) disclosure, §613 public-record procedures, §611 reinvestigation.

Two-step adverse action

Pre-adverse and final notices with the current CFPB Summary of Rights.

Fair chance & ban-the-box

State, county and city rules applied by jurisdiction, automatically.

State & local overlays

California ICRAA, NYC Fair Chance, LA County and Philadelphia FCRSA.

Candidate rights & disputes

The dispute workflow pauses the file and resumes only on resolution.

Data privacy & security

SOC 2 Type II hosted infrastructure. FCRA, GLBA and DPPA compliant.

General compliance information. Employers should consult qualified counsel regarding their specific legal obligations. SafestHires does not provide legal advice.

One Platform. Every Screen.

One intake, one case file, one point of contact — across every screen you run.

Criminal history

National, state, county and federal records with direct court access.

Work history & education

Documented verifications of employers, schools and licenses.

Drug & occ-health

5-, 10- and 12-panel screens through 12,000+ collection sites.

MVR & DOT screening

FMCSA Clearinghouse, MVRs, Part 40 pools and driver files.

I-9 & E-Verify

Electronic I-9 with integrated E-Verify and identity authentication.

Continuous monitoring

Post-hire criminal, sanction and license-expiration tracking.

ATS integrations

Order, status and results sync without leaving your ATS.

Automated adverse action

Pre-adverse and adverse letters with an FCRA-defensible audit trail.

ATS Integrations

Keep your workflow. Upgrade your screening.

SafestHires connects to more than 75 ATS, HRIS, lab, MVR and verification platforms.

50+ pre-built ATS and HRIS connectors — order, status and results sync in place.

No platform fees, seat licenses or integration fees. API specs are free to any vendor.

Most new connections go live in two to four weeks once API access is confirmed.
