Social Media Report

This report has been prepared for lawful purposes solely for the end-user and individual identified above. It may contain certain social media entries, internet content, and news stories related to the individual. The report may be used by the end-user strictly in compliance with applicable federal, state/provincial, and local laws.

*This report contains results reflecting output of AI only and has not been reviewed by analyst.

Julia Smith - Sample

Social Media Overview

Abstract

Social Media Presence

Julia Smith - Sample has an above average social media footprint. Julia posts infrequently and the latest post was on Feb 11, 2025 on Twitter. Julia has a below average number of followers on social media.

Content Analysis

Julia talks mostly about *petsmart* and speaks about this in a positive manner. Julia's sentiment has been trending up over the past 2 years.

Digital Footprint

Julia Smith - Sample has an above average number of flagged posts.

Flagged Post Summary AI⁺

Julia is expressing deep frustration and disillusionment with the current political landscape, feeling that progressives have shifted so far left that she no longer recognizes her former party and questions whom they truly serve. She conveys intense emotions through explicit language, reflecting anger, alienation, and mental health struggles, as highlighted by her reminder of overcoming a suicide attempt. Julia also shares her personal desires for companionship and simple pleasures, such as relaxing at home with TV and enjoying drinks, while passionately criticizing societal issues like abortion and police violence, metaphorically condemning law enforcement's actions. Her posts reveal a mix of raw emotion, personal growth, and social critique, underscoring her sense of frustration and longing for meaningful change.

Post Insights

Behavior Composition

This graph indicates the number of posts that were flagged for each behavioral attribute.

23 Flagged Behaviors

Word Cloud

This is your subject's word cloud. It provides insight into the topics your subject refers to most often in their posts. The larger the word, the higher the frequency. The color of the word indicates whether they are speaking positively (green) or negatively (red) about the topic.

Posts and Followers

This graph shows the aggregate of all followers, followings, and post count across all social media platforms that expose these metrics. Note that not all platforms report these values.

1 Total followers

2 Total following

29 Total posts

Julia Smith - Sample

Post Insights

Social Media Score

The social media score is calculated based on several factors including flagged posts and sentiment. This is for informational purposes only and should not be used to establish risk or to determine if adverse action is warranted. The score will range from 1 to 1000

Sentiment Over Time

This is the subject's sentiment over time based on the date of the posts. Sentiment is an indicator of attitude toward an event or situation.

Channel Volume

The graph on the left shows the subject's total number of likes, shares and posts that were analyzed on each social media channel.

Julia Smith - Sample

Post Insights

- Openness
- Conscientiousness
- Extraversion
- Agreeableness
- Neuroticism

OCEAN Personality

This is your subject's personality insights based on the OCEAN (Big Five) model. It provides an estimated profile of a subject's personality traits based on their social media posts. The OCEAN framework, a widely recognized psychological model, assesses the five dimensions (left).

Please note that these predictions are approximate and for informational purposes only - they are not a substitute for professional psychological assessments

Post Pages Guide

The following pages in this report may contain a list of flagged posts for your subject. There will be a maximum of four (4) posts listed per page. Each post includes a portion of the text and also the image associated with the post if media were included. A flagged post means that the post content triggered one or more of the below behavioral attributes.

The figure below illustrates the general composition of each post and identifies the main elements.

Behavior Classifications*

The following are the possible behaviors surfaced from the social media check.

Disparaging

Name-calling, disrespectful, or derogatory statements toward an individual or group about their physical characteristics such as weight, height, looks, intelligence, etc.

Drug Image

Images of pills, syringes, paraphernalia. It may include smoking, drinking, and injections.

Drug/Alcohol Mention

Statements relating to drugs and alcohol use including slang words, street names, and phrases.

Nudity Image

Images of explicit and non-explicit nudity, adult and pornographic content, partially exposed body parts.

Keywords

Flagged posts based on matches (text and images) to custom keywords provided. Keywords can be designated negative, positive, or neutral.

Profanity

Obscene language, cursing, swearing, or in general crude or vulgar words and phrases.

Politics/Government

Statements considered relating to politics or governmental affairs. This could include politicians, policies, or the political process. These often focus on specific issues such as abortion, environmental, immigration, etc.

Self Harm

Indications of wanting to hurt oneself or take one's own life intentionally. This could also be mentions of suicide or suicidal behavior in others.

Suggestive

Includes expressions relating to sexual misconduct that could be considered sexually demeaning or sexual harassment.

Gory/Violence Image

Images of disfigurements, open wounds, bloodshed, body parts, burns, crime scenes, corpses, vehicle crash scenes, explosions, and fighting

Weapons Image

Instruments or devices used to cause harm to living beings including firearms, sharp weapons, explosives and ammunition.

Threats

An intent to inflict harm or loss of another person's life.

Prejudice

Derogatory, abusive, and/or threatening statements toward a specific group of people typically on the basis of race, religion, or sexual orientation.

Rude Gestures/Symbols

Visual depiction of middle finger, nazi party symbols, and images containing extremist and terrorist group flags.

*The domain of behavioral classifications are determined by your organization settings. Therefore, some of the behaviors here may not be available.

Progressives have gone so far left I no longer identify with the party I thought was for the working class. I'm not even sure who they represent anymore. Is it criminals, illegal aliens, transgenders, only BIPOC people? It's really staggering to think people support this.
